MINUTES OF THE MEETING
OF
LOUISIANA WILDLIFE AND FISHERIES COMMISSION

Thursday, October 5, 2000

Chairman Tom Gattle presiding.

Glynn Carver
Tom Kelly
Norman McCall
Jerry Stone

Secretary James Jenkins, Jr. was also present.

Commissioners Bill Busbice and Warren Delacroix were absent from the meeting.

Chairman Gattle called for a motion for approval of the **September 7, 2000 Commission Minutes**. A motion for approval was made by Commissioner McCall and seconded by Commissioner Stone. The motion passed with no opposition.

Ms. Doris Copeland presented the **Office of Risk Management Heroic Award to L. D. Laborde and Ryan Lemoine**. She began stating the Loss Prevention Unit of the Office of Risk Management annually recognizes a state employee or agency that makes significant contributions to loss prevention and supports the state's efforts to accomplish the highest standards for loss control. For an employee to receive this award, they must meet one of the following criteria: a heroic act, develop a safety awareness program, establish a method that would reduce insurance costs, or develop an insurance cost saving program. Two employees from the Red River WMA, Mr. Ryan Lemoine and Mr. L. D. Laborde were presented with the Heroic Award due to the following incident. On November 17, 1999, at 6:15 AM, a person stopped at the WMA office to report an accident that occurred one mile south of the office. Mr. Lemoine and Mr. Laborde went to the site and noticed a man lying in a field not breathing and with no pulse. These employees and another man administered CPR to the victim for 45 minutes until the ambulance arrived. Unfortunately, the victim was pronounced dead at the hospital. The two men received CPR training just the week before

and reacted to save a life despite the absence of protective gear. Ms. Copeland then presented the Heroic Award for 1999 to Mr. Lemoine and Mr. Laborde on behalf of the Office of Risk Management and the Department of Wildlife and Fisheries.

Coastal Conservation Association (CCA) Presentation of Radar Unit to Enforcement Division was handled by Major Brian Spillman. He began stating this piece of equipment will help the Enforcement Division in chartering their boats and navigating along the coastal areas of the state. Major Spillman added that this was just one of the ways CCA has helped to promote what the agents do. He then introduced Mr. Rich Donaldson with CCA. Mr. Donaldson stated he would like to make the presentation to Col. Vidrine on behalf of CCA. Col. Vidrine stated the unit will be used on the Delta Tide offshore boat. He expressed appreciation to CCA for their donation. Chairman Gattle also expressed appreciation to Mr. Donaldson and CCA.

The **Monthly Law Enforcement Report for September** was given by Major Keith LaCaze. The following numbers of citations and warnings were issued during the month of September.

Region I - Minden - 64 citations and 18 warnings.

Region II - Monroe - 55 citations and 11 warnings.

Region III - Alexandria - 102 citations and 14 warnings.

Region IV - Ferriday - 57 citations and 2 warnings.

Region V - Lake Charles - 63 citations and 7 warnings. Commissioner McCall asked about the confiscation of one cup and paper towel? Major LaCaze stated it was for littering.

Region VI - Opelousas - 71 citations and 13 warnings.

Region VII - Baton Rouge - 104 citations and 17 warnings.

Region VIII - New Orleans - 173 citations and 9 warnings.

Region IX - Thibodaux - 160 citations and 15 warnings.

Oyster Strike Force - 36 citations.

Statewide Strike Force - 66 citations.

Seafood Investigation Unit - 30 citations.

SWEP - 14 citations.

Refuge Patrol - 36 citations and 15 warnings.

The grand total of citations issued statewide for the month of September was 849. Also there were 106 warning citations issued for the month.

The aviation report for September 2000 showed enforcement pilots flew three airplanes a total of 51.9 hours for enforcement and 28.1 hours for other divisions. Also there were 3 citations issued.

Commissioner Carver stated that Region 8 had an increase in angling without a license citation and asked if the agents worked specifically in that area? Major LaCaze stated the numbers are typical for Region 8 with the amount of fishing in that area. Secretary Jenkins asked if the DWI offense in Region 6 was from a boat or a vehicle? Major LaCaze felt it was from a vehicle. Then the Secretary asked if the 41 hunting doves over bait citations from Region 7 were from one field? Major LaCaze stated the citations came from three fields.

Chairman Gattle then asked for a **Report from Captain Chad Manuel, Enforcement Region V.** Captain Manuel stated he was the Supervisor over Region V which consists of 8 parishes, 6 upland and 2 coastal parishes. Problem activities occurring in Region V are hunting squirrels during the closed season and harvesting undersized shrimp in Vermilion Bay. A total of 12 cases were made during the teal season and no problems were encountered during the alligator season. Chairman Gattle asked the Captain to explain the problems they were having with squirrel and shrimp? Captain Manuel stated in Beauregard, Allen and Evangeline Parishes, typically there are numerous out of season squirrel complaints received. Chairman Gattle felt Region V was a diversified area. Captain Manuel commented the shrimp are running about 160 to the pound in Vermilion Bay in Vermilion Parish. Chairman Gattle asked if more violations came from the coastal parishes or upland parishes and Captain Manuel answered coastal parishes. Then Chairman Gattle asked if he had 33 agents in his area. Captain Manuel stated in September 1999, he had 30 agents. Since then, 7 were transferred to the Refuge Patrol, 2 agents are on worker's compensation, 2 are on sick leave and 3 vacancies. As of September 2000, Region V has

only 14 agents. Captain Manuel added that Region V has compliance and that is due to the judicial system. Commissioner Stone asked what type of shrimp violations were occurring and from what type of vessels? Captain Manuel stated most of the citations were from the larger boats catching undersized shrimp.

Chairman Gattle then asked for **Public Comments - 2001 Turkey Season** and none were heard.

Then Chairman Gattle asked Mr. Robert Helm for the **Division Report on the Teal Season**. He began stating hunter expectations were very high for the season with excellent habitat conditions on the breeding grounds for the ninth consecutive year. This was the third consecutive year the blue wing teal population set a record high. Last year, a record 330,000 teal were harvested in September. This season was the third with a 16 day season as compared to the traditional 9 days. The drought has continued and has gotten worse over the last few weeks. The lack of rain has reduced wetlands area very substantially and allowed saltwater to move further north which has reduced food in the coastal zone. Mr. Helm felt the teal were very restricted due to the habitat conditions. Surveys indicated over 250,000 teal in the coastal zone and only 8,000 on Catahoula Lake. The first cool front of the season came through the State opening weekend which provided comfortable temperatures for hunting. Overall harvest and hunter effort was poor due to the poor habitat conditions. The southwest rice fields were very good early and spotty afterwards. Southwest marshes also had a good opening weekend but fell quickly. Southeast marshes were poor to fair with few teal reported. Catahoula Lake showed reduced success this year. Hunter effort was also down. Mr. Helm felt the teal may have moved through the area after seeing the habitat conditions. Results from the wildlife management areas showed 900 hunters were checked and success rates were down compared to last year. Approximately 6,000 hunters were checked overall and they averaged 1.5 teal per effort. Conditions do not look good for the upcoming season which begins in mid-November. Chairman Gattle stated the marsh grass being lost due to the saltwater intrusion was a serious problem. Mr. Helm stated this problem would not have a big impact on ducks for the short term.

The Commissioners agreed to hold the **February 2001 Meeting** on Thursday, February 1, 2001 beginning at 10:00 a.m. at the Baton Rouge Headquarters.

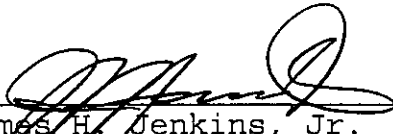

Before the Public Comments, Mr. Tommy Prickett introduced two new employees for the Baton Rouge staff. Mr. Jimmy Anthony, a 24 year employee from the Monroe area, started off as a student, became a technician in charge of Ouachita WMA and then a district biologist. He will be taking over the Federal Aid Coordinators position which involves all of the WMAs and the federal aid program. Then he introduced Mr. Randy Myers who began with the Department as a student, became a district biologist in Region VII and more recently has worked on the waterfowl program NAWMP. He would be handling the Land Acquisition Program as well as working with private industries and other organizations in forming partnerships.

Commissioner Carver asked about a research article in the DMAP Newsletter on human urine and how it attracts deer. Mr. Prickett stated he read the same article and added that it was news to him.

Chairman Gattle then asked if there were any **Public Comments**. Secretary Jenkins complimented the wonderful job done by the Department and Commission on setting the turkey season since no public comments were received.

Commissioner Stone asked Chairman Gattle to explain his experiences with the licenses. Chairman Gattle stated the Commission gave notice of intent to lower nonresident big game, basic, muzzleloader and bow hunting and freshwater fishing license fees. He has received very little comment and felt people were satisfied with the level it has been brought to. Chairman Gattle added he would make no comment on where Mississippi may go from here. Finally, he stated he thinks the Commission has listened to what the Louisiana residents have to say.

There being no further business, Commissioner Kelly made a motion to **Adjourn** the meeting and it was seconded by Commissioner Carver.

James H. Jenkins, Jr.

Marianne,

Please review.

Thanks,
Susan

MINUTES OF THE MEETING

OF

WILDLIFE AND FISHERIES COMMISSION

Thursday, October 5, 2000

Residing.

Tom Kelly
Norman McCall
Jerry Stone

Secretary James Jenkins, Jr. was also present.

Commissioners Bill Busbice and Warren Delacroix were absent from the meeting.

Chairman Gattle called for a motion for approval of the **September 7, 2000 Commission Minutes**. A motion for approval was made by Commissioner McCall and seconded by Commissioner Stone. The motion passed with no opposition.

Ms. Doris Copeland presented the **Office of Risk Management Heroic Award to L. D. Laborde and Ryan Lemoine**. She began stating the Loss Prevention Unit of the Office of Risk Management annually recognizes a state employee or agency that makes significant contributions to loss prevention and supports the state's efforts to accomplish the highest standards for loss control. For an employee to receive this award, they must meet one of the following criteria: a heroic act, develop a safety awareness program, establish a method that would reduce insurance costs, or develop an insurance cost saving program. Two employees from the Red River WMA, Mr. Ryan Lemoine and Mr. L. D. Laborde were presented with the Heroic Award due to the following incident. On November 17, 1999, at 6:15 AM, a person stopped at the WMA office to report an accident that occurred one mile south of the office. Mr. Lemoine and Mr. Laborde went to the site and noticed a man lying in a field not breathing and with no pulse. These employees and another man administered CPR to the victim for 45 minutes until the ambulance arrived. Unfortunately, the victim was pronounced dead at the hospital. The two men received CPR training just the week before

and reacted to save a life despite the absence of protective gear. Ms. Copeland then presented the Heroic Award for 1999 to Mr. Lemoine and Mr. Laborde on behalf of the Office of Risk Management and the Department of Wildlife and Fisheries.

Coastal Conservation Association (CCA) Presentation of Radar Unit to Enforcement Division was handled by Major Brian Spillman. He began stating this piece of equipment will help the Enforcement Division in chartering their boats and navigating along the coastal areas of the state. Major Spillman added that this was just one of the ways CCA has helped to promote what the agents do. He then introduced Mr. Rich Donaldson with CCA. Mr. Donaldson stated he would like to make the presentation to Col. Vidrine on behalf of CCA. Col. Vidrine stated the unit will be used on the Delta Tide offshore boat. He expressed appreciation to CCA for their donation. Chairman Gattle also expressed appreciation to Mr. Donaldson and CCA.

The **Monthly Law Enforcement Report for September** was given by Major Keith LaCaze. The following numbers of citations and warnings were issued during the month of September.

Region I - Minden - 64 citations and 18 warnings.

Region II - Monroe - 55 citations and 11 warnings.

Region III - Alexandria - 102 citations and 14 warnings.

Region IV - Ferriday - 57 citations and 2 warnings.

Region V - Lake Charles - 63 citations and 7 warnings. Commissioner McCall asked about the confiscation of one cup and paper towel? Major LaCaze stated it was for littering.

Region VI - Opelousas - 71 citations and 13 warnings.

Region VII - Baton Rouge - 104 citations and 17 warnings.

Region VIII - New Orleans - 173 citations and 9 warnings.

Region IX - Thibodaux - 160 citations and 15 warnings.

Oyster Strike Force - 36 citations.

Statewide Strike Force - 66 citations.

Seafood Investigation Unit - 30 citations.

SWEP - 14 citations.

Refuge Patrol - 36 citations and 15 warnings.

The grand total of citations issued statewide for the month of September was 849. Also there were 106 warning citations issued for the month.

The aviation report for September 2000 showed enforcement pilots flew three airplanes a total of 51.9 hours for enforcement and 28.1 hours for other divisions. Also there were 3 citations issued.

Commissioner Carver stated that Region 8 had an increase in angling without a license citation and asked if the agents worked specifically in that area? Major LaCaze stated the numbers are typical for Region 8 with the amount of fishing in that area. Secretary Jenkins asked if the DWI offense in Region 6 was from a boat or a vehicle? Major LaCaze felt it was from a vehicle. Then the Secretary asked if the 41 hunting doves over bait citations from Region 7 were from one field? Major LaCaze stated the citations came from three fields.

Chairman Gattle then asked for a **Report from Captain Chad Manuel, Enforcement Region V.** Captain Manuel stated he was the Supervisor over Region V which consists of 8 parishes, 6 upland and 2 coastal parishes. Problem activities occurring in Region V are hunting squirrels during the closed season and harvesting undersized shrimp in Vermilion Bay. A total of 12 cases were made during the teal season and no problems were encountered during the alligator season. Chairman Gattle asked the Captain to explain the problems they were having with squirrel and shrimp? Captain Manuel stated in Beauregard, Allen and Evangeline Parishes, typically there are numerous out of season squirrel complaints received. Chairman Gattle felt Region V was a diversified area. Captain Manuel commented the shrimp are running about 160 to the pound in Vermilion Bay in Vermilion Parish. Chairman Gattle asked if more violations came from the coastal parishes or upland parishes and Captain Manuel answered coastal parishes. Then Chairman Gattle asked if he had 33 agents in his area. Captain Manuel stated in September 1999, he had 30 agents. Since then, 7 were transferred to the Refuge Patrol, 2 agents are on worker's compensation, 2 are on sick leave and 3 vacancies. As of September 2000, Region V has

only 14 agents. Captain Manuel added that Region V has compliance and that is due to the judicial system. Commissioner Stone asked what type of shrimp violations were occurring and from what type of vessels? Captain Manuel stated most of the citations were from the larger boats catching undersized shrimp.

Chairman Gattle then asked for **Public Comments - 2001 Turkey Season** and none were heard.

Then Chairman Gattle asked Mr. Robert Helm for the **Division Report on the Teal Season**. He began stating hunter expectations were very high for the season with excellent habitat conditions on the breeding grounds for the ninth consecutive year. This was the third consecutive year the blue wing teal population set a record high. Last year, a record 330,000 teal were harvested in September. This season was the third with a 16 day season as compared to the traditional 9 days. The drought has continued and has gotten worse over the last few weeks. The lack of rain has reduced wetlands area very substantially and allowed saltwater to move further north which has reduced food in the coastal zone. Mr. Helm felt the teal were very restricted due to the habitat conditions. Surveys indicated over 250,000 teal in the coastal zone and only 8,000 on Catahoula Lake. The first cool front of the season came through the State opening weekend which provided comfortable temperatures for hunting. Overall harvest and hunter effort was poor due to the poor habitat conditions. The southwest rice fields were very good early and spotty afterwards. Southwest marshes also had a good opening weekend but fell quickly. Southeast marshes were poor to fair with few teal reported. Catahoula Lake showed reduced success this year. Hunter effort was also down. Mr. Helm felt the teal may have moved through the area after seeing the habitat conditions. Results from the wildlife management areas showed 900 hunters were checked and success rates were down compared to last year. Approximately 6,000 hunters were checked overall and they averaged 1.5 teal per effort. Conditions do not look good for the upcoming season which begins in mid-November. Chairman Gattle stated the marsh grass being lost due to the saltwater intrusion was a serious problem. Mr. Helm stated this problem would not have a big impact on ducks for the short term.

The Commissioners agreed to hold the **February 2001 Meeting** on Thursday, February 1, 2001 beginning at 10:00 a.m. at the Baton Rouge Headquarters.

Before the Public Comments, Mr. Tommy Prickett introduced two new employees for the Baton Rouge staff. Mr. Jimmy Anthony, a 24 year employee from the Monroe area, started off as a student, became a technician in charge of Ouachita WMA and then a district biologist. He will be taking over the Federal Aid Coordinators position which involves all of the WMAs and the federal aid program. Then he introduced Mr. Randy Myers who began with the Department as a student, became a district biologist in Region VII and more recently has worked on the waterfowl program NAWMP. He would be handling the Land Acquisition Program as well as working with private industries and other organizations in forming partnerships.

Commissioner Carver asked about a research article in the DMAP Newsletter on human urine and how it attracts deer. Mr. Prickett stated he read the same article and added that it was news to him.

Chairman Gattle then asked if there were any **Public Comments**. Secretary Jenkins complimented the wonderful job done by the Department and Commission on setting the turkey season since no public comments were received.

Commissioner Stone asked Chairman Gattle to explain his experiences with the licenses. Chairman Gattle stated the Commission gave notice of intent to lower nonresident big game, basic, muzzleloader and bow hunting and freshwater fishing license fees. He has received very little comment and felt people were satisfied with the level it has been brought to. Chairman Gattle added he would make no comment on where Mississippi may go from here. Finally, he stated he thinks the Commission has listened to what the Louisiana residents have to say.

There being no further business, Commissioner Kelly made a motion to **Adjourn** the meeting and it was seconded by Commissioner Carver.

CCA LOUISIANA DONATION TO HELP FISHERIES ENFORCEMENT EFFORTS

BATON ROUGE--An electronic charting system donated by the Coastal Conservation Association of Louisiana to the Department of Wildlife and Fisheries will help state enforcement agents apprehend game law violators.

The Si-Tex Prism 10 NT chart plotter donated by CCA Louisiana will be mounted on the Department's "*Delta Tide*," a 47-foot offshore law enforcement patrol vessel. The charting system will provide agents their exact nautical position while aboard the *Delta Tide*, locate land masses, spot underwater obstructions and provide other information that is valuable in enforcement efforts.

"Enforcing our state's fisheries laws is an important part of conservation. CCA Louisiana's 22,000 members and volunteers are pleased to assist our state agents in their efforts to ensure that our laws are respected by everyone," said Jeff Angers, executive director of CCA Louisiana.

Angers said CCA was informed that LDWF needed the chart plotter but that the agency could not afford to purchase one on its own because of the state's tight budget situation.

"This is an amazing piece of equipment that will be of great assistance to us in our offshore enforcement efforts," said Capt. Jeff Mayne, supervisor of special investigations for the Enforcement Division of LDWF.

The Si-Tex Prism 10 NT with the C-MAP chips has a retail value of about \$3,000.

CCA Louisiana is a non-profit organization of conservationists working to save the marine resources of Louisiana coastal waters. For more information about CCA Louisiana, visit www.ccalouisiana.com.

RESPONSE TO SHRIMPERS' PROPOSALS REGARDING CRABBING

CRAB TRAP PLACEMENT:

It would seem logical and reasonable that traps placed at least 150 feet apart would help shrimpers and crabbers decrease equipment damage and loss. Given this, why is it that crabbers who do place their traps at this distance, are still watching shrimpers swing in and out of their lines picking up crab traps as they go and continuing on without returning the trap? Why is it that even when crab traps are placed very close to shore and away from shrimper traffic that the crab cages are still run over and smashed? Further, how is it that the law allows a shrimper to drag from a large commercial vessel with only one man on board who is steadily looking behind him, and not ahead where the boat is going.

GHOST TRAPS, SHRIMPERS AND THE ENVIRONMENT:

Even though theft has been a tremendous problem for crabbers, making ghost traps is not a solution we resort to. Each one of those traps cost us a pretty penny not to mention the loss of income when a trap is lost. We would love to be able to find our traps and equip them with floats. The number of ghost traps could be greatly decreased if shrimpers weren't running over them in the first place. In the event that a trap is accidentally caught, the shrimper should be held responsible for the damage, fix the trap and return it to its "line".

Let's talk about the environment. It's not new News that our coastal land is eroding at a very rapid pace. Why then is trawling still allowed that close inland when shrimpers have a such a vast amount of space away from shore, where most shrimp boats can go and most crab boats cannot? I won't go into the wildlife and fishery damage that was already addressed in the "Comments..." article submitted by others.

SEASONAL FISHING AND ECONOMICS:

Between the frequency of theft and lost and damaged traps, crabbers are barely making a living now. Do you think crabbers enjoy working every day of their lives? Running the traps when weather permits and cleaning and repairing traps when they can't fish. Not to mention it's not economically feasible to run the same trap everyday normally. Don't you think if crabbers could make as much money as shrimpers, most of them would be in nice big, well-equipped boats too? Most shrimpers can take four and five foot seas, most crab boats can't. A shrimper can make thousands of dollars in one pull. A crabber is working days, weeks or months for that same amount and like a shrimper remember a crabber is not making any money when he can't run.

Response to Shrimpers' Proposals

Page 2

A crabber's "season" is imposed all year long by all aspects of Mother Nature *and still* he has to live with depleted numbers resulting from shrimping. You know how much crab, fish and... are caught when shrimpers are pulling. While some shrimpers are obviously thinking only of themselves, crabbers are thinking if they don't get some relief, then it won't be long before restaurants and residents will be forced to buy even more crabs from other states. How economically wise is that? Do you think most shrimpers are feeling that pinched? Do you think that shrimping in the only areas where crabbers can get to a few days out of the week is going to help any of us?

You want to talk about limiting the number of traps. Well how about we decrease the size of shrimp nets and only allow pulling three times a week during shrimp season only in waters at least one mile from any shoreline? That's about the equivalent of it. Then we'd all be making about the same amount of money.

Crabbers have been economically depressed for a long time. If you look around, you can see who's making the money. If we're going to have a working relationship between crabbers and shrimpers, then shrimpers are going to need to face up to what they're doing to destroy our coastal land and the demise of the crabbing industry already. All fishermen "should" be able to have a good working relationship because God knows we all work hard and face the same elements in one way or another. Together we *could* be strong. But that's not going to happen when the majority of one group is not making any money as it is and members of the other group continue to make it worse.

The bottom line is this, if shrimpers were required to stay one to two miles off the mainland shore, then no one would be in anybody's way.

ORM wants to acknowledge two Wildlife employees for heroism at the Commission Meeting. I'm not sure if it's suppose to be a surprise or not but I wanted to ask you to give them some time for this it shouldn't take but 15-30 minutes. I'll get more info to you later if you need it. I just didn't want to forget to put this in the agenda. Thanks.
